Additional Backup Information

The Whisper Valley property (2,066 acres) was purchased by Taurus of Texas Holdings L.P. in June 2006 and is located east of SH 130. The site is planned to include approximately 7,500 single and multi-family homes, and more than 2 million square feet of retail and office space. In addition, 700 acres of open space is to be dedicated to the City for use as trails and parkland.

In June 2009, the City Council voted to approve related development agreements, and in August 2010, voted to approve zoning changes and limited purpose annexation. The properties were originally zoned as agricultural land, with Whisper Valley now zoned as a planned unit development and Indian Hills approved for the straight zoning needed for planned development. The City Council also approved the creation of a separate public improvement district (PID) for each of the two planned developments, in response to a petition by the property owners, a State law prerequisite to creation of a PID. The PID will provide a financing mechanism through the apportionment, levying and collection of assessments to help pay for the basic infrastructure that will support the planned communities (water, wastewater and roads).
